  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
  - 7) Use a common answerbook for **all** Sections.

SECTION – A (40 Marks)

1. Short answer question (any five out of six) : (5×5=25)
  - a) Role of a Nurse in communicating with persons having hearing impairment.
  - b) Discuss briefly on infection control in intensive care units.
  - c) Describe briefly on immediate and remote complications of Burns.
  - d) Write briefly on Nursing management of critically ill patients.
  - e) Discuss briefly on emergency management of Haemorrhage.
  - f) Discuss briefly on eye banking.
  
2. Long answer question (any one out of two) : (1×15=15)
  - a) Mrs. X is admitted to the surgery ward with cancer of breast and is posted for mastectomy.  
List the risk factors and the signs and symptoms of breast cancer.  
Write the TNM classification for cancer.  
As a Nurse, how will you manage her post operatively ?

P.T.O.

62701

- b) Define mechanical ventilation.  
Enumerate the indications for mechanical ventilation.  
As a Nurse, describe how you will manage a patient on mechanical ventilator ?

**SECTION – B (35 Marks)**

3. Short answer question (**any four** out of five) : (4×5=20)
- a) Describe briefly on MRI.
  - b) Discuss briefly on abuse of elderly.
  - c) Describe briefly on role of Nurse in prevention of occupational disorders.
  - d) Write briefly on infertility.
  - e) Discuss briefly on drug Dopamine.
4. Long answer question (**any one** out of two) : (1×15=15)
- a) Mr. A is admitted to the hospital with Parkinson's disease.  
Enlist the signs and symptoms of Parkinson's disease. Write the pathophysiology of Parkinson's disease.  
Describe the Nursing management of Parkinson's disease using Nursing process format.
  - b) Enumerate the types and causes of disaster.  
Explain briefly on effects of disaster in society.  
Role of nurse in disaster nursing.

62701

Third Basic B.Sc. Nursing Examination, Winter 2018  
MEDICAL SURGICAL NURSING – II

Total Duration : Section A + B = 3 Hours

Total Marks : 75

## SECTION – A &amp; SECTION – B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
  - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
  - 3) **All** questions are **compulsory**.
  - 4) The number to the **right** indicates **full** marks.
  - 5) Draw **diagrams wherever** necessary.
  - 6) **Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.**
  - 7) **Use a common answerbook for all Sections.**

## SECTION – A (40 Marks)

1. Short answer question (any five out of six) : (5×5=25)
  - a) Glasgow coma scale.
  - b) Principles of radiation therapy.
  - c) Wound care in burns.
  - d) Principles of critical care nursing.
  - e) List the elements of national blindness control program.
  - f) Tracheostomy care.
  
2. Long answer question (any one out of two) : (1×15=15)
  - a) Ms. Sheela 18 years old girl is admitted in burns unit with 40% burns her weight is 45 kg. Write the methods of calculating percentage of burns. Explain the fluid management for first 48 hrs. List the nursing diagnosis and nursing interventions for first three priority problems in nursing process.
  - b) Mrs. Lata is admitted in ward with diagnosis of breast cancer. Methods of screening and diagnosis of ca breast. Treatment modalities for breast cancer. Nursing care during chemotherapy.

P.T.O.

## SECTION - B (35 Marks)

3. Short answer question (any four out of five) : (4×5=20)
- Medical management of a client with Epistaxis.
  - Breast self examination.
  - Nursing management of a client after mastectomy.
  - Etiology and risk factors of cataract.
  - Role of nurse in communicating with elderly patients.
4. Long answer question (any one out of two) ; (1×15=15)
- Mr. Yashwant is admitted to ophthalmic unit with glaucoma. State the classification of glaucoma. Write specific clinical manifestation of glaucoma. Write the nursing management of client receiving medical therapy for glaucoma stating two priority nursing diagnosis.
  - Mr. Atish is admitted to neuro unit with cerebro-vascular accident. Specific causes of stroke. Write the clinical manifestations of cerebro-vascular accident. Write nursing care plan for Mr. Atish stating two priority nursing diagnosis.
-

  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
  - 7) **Use** a common answerbook for **all** Sections.

**SECTION – A (40 Marks)**

1. Short answer question (**any five** out of six) : **(5×5=25)**
- a) Principles of critical care nursing.
  - b) Myasthenia Gravis.
  - c) Discharge health education after cataract surgery.
  - d) Characteristics of benign and malignant tumour.
  - e) Premenstrual syndrome.
  - f) Cardiopulmonary resuscitation.

P.T.O.

2. Long answer question (**any one** out of two) : (1×15=15)

- a) Mrs. Radha, 50 kg weight and 60% burn involving chest, abdomen and lower extremities admitted in burns.
- i) Describe fluid management of this patient in emergent phase.
  - ii) Explain nurses role in wound management and infection control in this patient.
  - iii) Write measures to prevent contractures.
- b) Mr. Ramesh is admitted in E N T Ward with diagnosis of Otitis Media.
- i) Define Otitis Media and describe its types.
  - ii) Write clinical features of Otitis Media.
  - iii) Explain management of Mr. Ramesh including nursing management.

**SECTION – B (35 Marks)**

3. Short answer question (**any four** out of five) : (4×5=20)

- a) Nursing management of patient on mechanical ventilator.
- b) Role of nurse in disaster management.
- c) Medical management of Glaucoma.
- d) Glasgow coma scale.
- e) Preventive measures of occupational hazards.

4. Long answer question (**any one** out of two) : (1×15=15)

- a)
  - i) Write down causes of Ca Larynx.
  - ii) Indications and management of tracheostomy.
  - iii) Write complications of tracheostomy and health education for such patient.
- b)
  - i) Describe methods of screening and diagnosis of Ca breast.
  - ii) Write treatment modalities for Ca breast.
  - iii) Write nursing management after surgery and chemotherapy.

62701

**Third Basic B.Sc. Nursing Examination, Winter 2017**

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
  - 7) **Use** a common answerbook for **all** Sections.

SECTION – A (40 Marks)

1. Short answer question (**any five** out of six) : (5×5=25)
  - a) Glasgow coma scale.
  - b) Differentiate between Cardio version and Defibrillation.
  - c) Role of a Nurse in Communicating with elderly patient.
  - d) Health education for a client with Colostomy.
  - e) Medical Management of a client with Epistaxis.
  - f) Tracheostomy care.
  
2. Long answer question (**any one** out of two) : (1×15=15)
  - a)
    - i) Define Cardio Vascular Accident.
    - ii) List down the risk factors of Cardio Vascular Accidents.
    - iii) Explain the clinical manifestation of Cardio Vascular Accidents.
    - iv) Describe the Nursing management of Cardio Vascular Accidents

P.T.O.

- b) i) Define Refractive errors.
- ii) Types and etiopathogenesis of Refractive errors.
- iii) Clinical features of different types of Refractive errors.
- iv) Management of different types of refractive errors.

**SECTION – B (35 Marks)**

3. Short answer question (**any four** out of five) : **(4×5=20)**
- a) Aetiology and risk factors of Cataract.
  - b) Nursing care of patient receiving Radiation Therapy.
  - c) Risk factor and level of prevention of Laryngeal Cancer.
  - d) Nursing care of patient with Otitis Media.
  - e) Brain injury.
4. Long answer question (**any one** out of two) : **(1×15=15)**
- a) Mr. 'Y' is admitted to Ophthalmic Unit with Glaucoma.
    - i) State the Classification of Glaucoma.
    - ii) Write specific clinical manifestation of Glaucoma.
    - iii) Write the nursing management of client receiving medical therapy for Glaucoma stating two priority Nursing Diagnosis.
  - b) Mr. 'A' is diagnosed with Parkinson disease.
    - i) Define Parkinson disease.
    - ii) Describe clinical manifestation of Parkinson disease.
    - iii) Explain medical management and nursing management for Parkinson disease.

Third Basic B.Sc. Nursing Examination Summer 2016  
MEDICAL SURGICAL NURSING – II

Total Duration: Section A+B = 3 Hours

Total Marks : 75

SECTION - A & SECTION - B

- Instructions :**
- 1) Use blue/black ball point pen only.
  - 2) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
  - 7) **Use a common answer book for all Sections.**

## SECTION – A

(40 Marks)

1. Short answer question (any five out of six) : (5×5=25)
  - a) Nursing responsibility in radiotherapy.
  - b) Write principles of Intensive care.
  - c) Management of a patient with increased intra cranial pressure.
  - d) Breast self examination.
  - e) Management of a patient following cataract surgery.
  - f) Explain nurses role in disaster management.
2. Long answer question (any one out of two) : (1×15=15)
  - a)
    - 1) Define cancer of cervix.
    - 2) Write etiology and clinical features of ca cervix.
    - 3) Explain management of a patient with ca cervix.
  - b)
    - 1) Define Acute Suppurative Otitis Media (ASOM).
    - 2) Write stages of ASOM.
    - 3) Explain management of ASOM.

P.T.O.

62701

SECTION - B

(35 Marks)

3. Short answer question (**any four** out of five) :

(4×5=20)

- a) Female infertility.
- b) Nursing responsibility in lumbar puncture.
- c) Explain the types of brain tumor.
- d) Myasthenia gravis.
- e) Psycho social problems of old persons.

4. Long answer question (**any one** out of two) :

(1×15=15)

- a)
  - 1) Define cerebro vascular accident.
  - 2) Write etiology and clinical manifestation of CVA.
  - 3) Explain management of CVA.
- b)
  - 1) Define burn.
  - 2) Write types and degrees of burn.
  - 3) Explain in brief management of a patient with burns.

62701

Third Basic B.Sc. Nursing, Winter 2015

As it is only for the placement sake, the distribution has been done.
  - 7) **Use a common answer book for all Sections**.

## SECTION – B

(30 Marks)

2. Answer the following (any five out of six) :

(5x3=15)

- a) Explain in detail about the management of epistaxis.
- b) Pathophysiology of meningitis.
- c) Classical signs of cancer.
- d) Tracheostomy care.
- e) Metastasis.
- f) Increased intracranial pressure.

3. Answer the following (any three out of four) :

(3x5=15)

- a) Triage in disaster management
- b) Radiotherapy
- c) Contraceptive methods
- d) Breast self examination.

P.T.O.

## SECTION - C

(30 Marks)

4. Answer the following (any two out of three) :

(2x15=30)

- a) Mrs. Laxmi aged 27 yrs, brought to the emergency department with complaints of 60% burn, her body weight is 52 kg. Answer the following.
- a) Write the classification of the burns. 5
  - b) Calculate first 24 hours fluid requirement for Mrs. Laxmi by using parkland formula. 5
  - c) Enlist the complications of burns and describe its prevention. 5
- b) Mrs. Yamini 54 yrs old, admitted in gynecology ward with complaints of uterine bleeding. Answer the following.
- a) Enlist factors associated with dysfunctional uterine bleeding. 5
  - b) Describe the surgical management of dysfunctional uterine bleeding. 5
  - c) List down the nursing diagnosis and prepare a nursing care plan with two priority needs. 5
- c) Mr. Aravind 60 yrs old, admitted to the oncology ward and diagnosed as cancer larynx. Answer the following.
- a) Enlist the causes of cancer larynx. 2
  - b) Elaborate clinical manifestations of cancer larynx. 3
  - c) Prepare nursing care plan with minimum 3 priority needs. 6
  - d) Health education for Mr. Aravind after total laryngectomy. 4

Third BASIC B.SC. NURSING Exam, Winter 2014  
Medical Surgical Nursing- II

Total Duration: Section A+B = 3 Hours

Total Marks : 75

Section - A & Section - B

**Instructions:**

- 1) Use blue/black ball point pen only.
- 2) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
- 3) **All questions are compulsory.**
- 4) The number to the right indicates full marks.
- 5) Draw diagrams **wherever necessary.**

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
- 7) Use a common answer book for all section.

**Section "A" (40 Marks)**

1. Short answer question (any five out of six) :
  - a) Discuss medical management of glaucoma.
  - b) Principles of intensive care unit
  - c) Complications of intracranial surgeries.
  - d) Otitis media
  - e) Abuse of elderly.
  - f) Role of a nurse in cancer prevention

(5x5=25)

*Handwritten notes:*  
5/5/15

2. Long answer question (any one out of two) :

(1x15=15)

Mr Nishant is admitted in burns wards with 40% burns and his weight is 50 kg.

- a) Discuss fluid resuscitation for first 48 hrs of Mr Nishant. Explain preventive strategies. Write nursing management for Mr Nishant.

Mrs. Geeta is admitted in intensive care unit postoperatively and kept on mechanical ventilator.

- b) Define mechanical ventilation. Discuss different modes of ventilator. Plan a nursing care for a patient on mechanical ventilator.

**Section "B" (35 Marks)**

3. Short answer question (any four out of five) :

(4x5=20)

- a) Keratitis
- b) Primary assessment of an emergency patient.
- c) Disaster management during Flood.
- d) Explain etiological factors and clinical features of endometriosis
- e) Nurse's role in Hemodynamic monitoring.

P.T.O.

4. Long answer question (any one out of two) :

Mr Raju is admitted with history of convulsions.

a) Define epilepsy and enlist etiological factors. Explain pathophysiology. Discuss nursing management for Mr Raju

Mr Manish is admitted and diagnosed with Cancer of Larynx.

b) Enumerate clinical features of Cancer of Larynx. Discuss pre-operative management for a patient undergoing total laryngectomy. Explain nursing care of a patient undergoing radiation therapy.
